## FAQ

### Do I need any experience to enroll in CPP41419?

No. There are no formal prerequisites for enrolling in the CPP41419 course. However, basic computer skills and English proficiency are recommended for online study.

### Can I work as a real estate agent with just the Certificate of Registration?

Yes, but with limitations. With a Certificate of Registration, you can work as an Assistant Agent under supervision of a licensed agent. You cannot operate independently until obtaining your Class 2 License.

### Will a criminal record prevent me from getting licensed in NSW?

Not automatically. NSW Fair Trading evaluates applications on a case-by-case basis. Minor offenses and those from many years ago may not disqualify you. However, crimes involving dishonesty, fraud, or violence may result in rejection.

### ❓ Can I complete my CPP41419 online and still get licensed in NSW?

Yes. NSW Fair Trading accepts online CPP41419 qualifications from any nationally accredited RTO. Online courses are fully recognized for licensing purposes.

### ❓ What's the difference between a Class 1 and Class 2 license?

A Class 2 license allows you to work as an individual agent. A Class 1 license allows you to run your own agency and supervise other agents. Class 1 requires additional qualifications (Diploma) and experience.
